Commercial Building & Facility Maintenance

Programmed and Responsive Maintenance

Vati Projects is your one-stop-shop for all commercial building and facility maintenance services in Brisbane. We are a fully licensed commercial builder, holding a flawless and unconditional open QBCC licence. Our open builder licences allows us to do all jobs big and small. Under our supervision, our network of pre-qualified licensed professionals and trades can assist you with all of your building needs. We can help you identify problems, prepare building maintenance plans, identify opportunities for improvement and efficiency, create solutions and co-ordinate plans and documentation, repair and renovate, and construction to the highest standards around your timeframe.

We are a qualified, licensed, competent and proud builder. All works are undertaken through our licensed construction company where we handle all of the scheduling and coordination, subcontractor and consultant engagements, contracting and payments to various trades, supervision and project management, and overall quality control. We project manage a multitude of commercial maintenance request orders ranging from simple repairs to more complex problems, allowing you a simple point of call and payment method. We are a no-fuss company, who just get the job done right.

Reliable and Responsive

We are there when you need us. We work around your schedule without fuss, and complete works quickly and efficiently to minimise downtime.

Quality Work Guaranteed

We stand by what we deliver. All workmanship is covered under legislative warranty. We delivery quality service effectively and efficiently.

Licensed and Professional

QBCC Licence #1187516. We are a fully licensed builder within Queensland. Our licence is an open category, without conditions. We operate in a QBCC Cat2 limit, annual works to \$12mil.

Local & Experienced QLD Business

We live local, we build local, we employ local and we service local (Brisbane and SE Qld) and we support local. Our director, Vasilis Hatzioannou has over 20 years experience in commercial construction in Brisbane and surrounds.

Pre-Qualified & Reputable

As building works come in all shapes and sizes, we have a network of consultants and trades who are all licensed, pre-qualified, insured, and reputable to meet your needs. We pride ourselves and our reputation on our quality work, and expect the same level of pride and quality from our team.

Safety First

We always put safety first. A safe worksite ensures the safety and wellbeing of all clients and their staff and visitors, along with our staff and trades. We are fully insured, have tailored policies and procedures, site inductions, pre-start checklists, and a comprehensive Workplace Health & Safety policy.

Our business is handle your commercial building maintenance, allowing you to focus on your business.
